- Anytime you have a situation in your life you would like to clear you think or say **“POD AND**

POC” this. It works just as well as the longer version.

10 quick examples you can apply to your own life to clear any limiting beliefs.

1. “Everywhere I created this debt I “POD AND POC” it.”
2. “All the frustration I am creating getting ready for this meeting. “POD AND POC” it.”
3. “All the beliefs I have around money that are keeping me struggling “POD AND POC” them.”
4. “Everywhere I decided being rich was for other people and not me “POD AND POC” it.”
5. “Everything I hate about Thanksgiving at my in-laws house “POD AND POC” it.”
6. “All the places and spaces I decided I am not good enough to be rich “POD AND POC” it.”
7. “All the limiting beliefs stopping me from applying for a promotion “POD AND POC” it.”

9. “All feelings that come up when I see Billionaires on TV “POD AND POC” it.”
10. “Everywhere I decided I can’t be rich “POD AND POC” it.”

Say it until when you think about the issue you feel lighter. Usually 10-15 times for optimum results. Even once works and will create great change. You can use this at the office, in line at the grocery store, waiting in traffic. Be creative and watch your world change.

## How does the Access Consciousness Clearing Statement work?

---

Your points of view about life create your reality, thus creating what shows up in your life. The cool thing is you have the ability to change your point of view about anything. and by simply changing your point of view, your reality and your life will start to show up differently.

So, when you destroy and uncreate\* everything you decided about math being difficult, for example, the clearing statement takes the energy of that decision, then goes to the very first time you decided math was difficult, no matter if it was this lifetime or many lifetimes ago and erases it as though that decision was never made, as though it never existed. Then all the energy you had in place based on that decision changes throughout all lifetimes and suddenly your life right here, right now shows up differently. Suddenly many, or all of the things that made math difficult go away, cease to exist and math is no longer as difficult as it was before.

Yes it is probably the weirdest thing ever! And it totally works every time!! We invite you to play with this, try it for yourself, and see what happens.

You don't have to believe in it for it to work.

It is too easy and you don't have to make it more difficult to have it work for you.

What if you didn't have to know how it works, only that it works?

You also never have to identify the limitation or problem, or when it started, or who you bought it from, or why, or how. None of that is relevant to the fact that you can change it just by asking. So, you don't need to go through the pain, suffering and gory of reliving a situation to clear the charge on it! How does it get even better than that?

So, when you ask a question or think about something that is limiting you or not working for you, there is an energy that comes up. When that occurs, you say the clearing statement and then you have a whole lot more space from which to create anything you choose!

\*why do we use the words "destroy & uncreate"? Gary Douglas the founder of Access Consciousness, found that the word "destroy" is not the opposite of create. So if we created something in our life, we can't just destroy it, we must also "uncreate" it. "Uncreate" is actually the opposite of "create." In Access we go by the accuracy of the energy, not proper English. So all of the words are used on purpose as they are, to accurately match the energy of what we are asking to change.

## Here's the written version

---

### Right and Wrong, Good and Bad

What's good, perfect and correct about this?

What's wrong, mean, vicious, terrible, bad, and awful about this?  
What's right and wrong, good and bad?

### **POD**

Is the point of destruction immediately following whatever you decided. It's like pulling the bottom card out of a house of cards. The whole thing falls down.

### **POC**

Is the point of creation of the thoughts, feelings and emotions immediately preceding whatever you decided.

### **All 9**

Stands for nine layers of crap that we're taking out. You know that somewhere in those nine layers, there's got to be a pony because you couldn't put that much crap in one place without having a pony in there. It's crap that you're generating yourself, which is the bad part. The good part is because you created it, you can change it.

### **Shorts**

Is the short version of: What's meaningful about this? What's meaningless about this? What's the punishment for this? What's the reward for this?

### **Boys**

Stands for nucleated spheres.

Have you ever been told you have to peel the layers of the onion to get to the core of an issue?

Well, this is it—except it's not an onion. It's an energetic structure that looks like one. These are pre-verbal. Have you ever seen one of those kids' bubble pipes?

Blow here and you create a mass of bubbles on the other end of the pipe? As you pop one bubble it fills back in. Basically these have to do with those areas of our life where we've tried to change something continuously with no effect. This is what keeps something repeating ad infinitum...

### **Beyonds**

Are feelings or sensations you get that stop your heart, stop your breath, or stop your willingness to look at possibilities. It's like when your business is in the red and you get another final notice and you say argh! You weren't expecting that right now.

The beauty, magic and potency of the Access Consciousness Clearing Statement is its capacity to clear the hidden stuff that you aren't even aware of that is keeping you stuck!
